**RE: DAVE WORSHIL'S AUTO WRECKING, CUYAHOGA COUNTY, COMPLAINT #7347 2nd
NOTICE OF VIOLATION**

Dear Mr. Worshil:

You have failed to respond to Ohio EPA's October 18, 2010 Notice of Violation (NOV). Therefore, the violation cited in the NOV remains outstanding. To correct the violation, you must do the following and submit all requested documentation **within 15 days** of the date of this letter:

1. Response to Releases of Used Oil OAC 3745-279-22(D)

Upon the detection of a release of used oil to the environment, a generator shall...clean up and manage properly the released used oil...

Releases of used oil were observed in some areas of the facility, particularly in the vicinity of the car crusher. To address this violation, the releases must be cleaned up. The releases were photographed and copies of the photos sent to you via e-mail on October 12, 2010. You must take photographs documenting the clean-up activities and send the photos to this office. You must also provide copies of disposal documentation showing the used-oil contaminated soil has been properly disposed.

Please note that there was a typo in the original NOV. I incorrectly listed the inspection date as July 13, 2010. The inspection occurred on October 8, 2010.

Failure to list specific deficiencies in this communication does not relieve Dave Worshil's Auto Wrecking from the responsibility of complying with all applicable Ohio EPA laws and regulations. Please be advised that present or past instances of non-compliance can continue as subjects of pending or future enforcement actions.

Please feel free to contact me at (330) 963-1170 if you have any questions.

Sincerely,

Edward J. D'Amato
Environmental Specialist
Division of Hazardous Waste Management
