Mr. Tony Torres
Dominic Tomaro Service Center
14200 Superior Road
Cleveland Hts., Ohio 44118

Dear Mr. Torres:

Thank you for accompanying me during Ohio EPA's March 3, 2011 inspection of the Dominic Tomaro Service Center (Service Center) in Cleveland Heights, Ohio. I inspected the Service Center to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734. of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). I also inspected the Service Center for compliance with Ohio's used oil and universal waste rules. Enclosed you will find a copy of the checklists that I completed as a result of the inspection. My inspection included a review of Service Center operations and written documentation. During the inspection I also helped you identify ways to prevent pollution by reducing waste.

The Service Center is primarily a refuse transfer facility for the city of Cleveland Heights. A portion of the facility is used for maintenance and repair of city vehicles. At the time of my inspection, no hazardous waste was being generated at the Service Center. The Service Center does act as a transfer agent for household hazardous waste which is collected curbside as a city service and shipped monthly to the household hazardous waste collection center operated by the Cuyahoga County Solid Waste District. Universal waste lamps and batteries, as well as used oil, are currently generated at the Service Center.

The following violations of Ohio's universal waste laws were found during this inspection. In order to correct these violations you must do the following and send me the required information ***within 30 days*** of the date of this letter:

1. Universal Waste Lamps, Containers, 3745-273-13(D)(1):

Universal waste lamps must be contained in packages or containers that are structurally sound, adequate to prevent breakage, and compatible with contents of the lamps. Containers and packages must be kept closed. At the time of my inspection, we discovered waste lamps loosely stacked in various areas of the

Service Center. To return to compliance with this rule all waste lamps must be properly containerized. Submit with your response to this letter a photograph documenting the properly containerized waste lamps.

2. Universal Waste Lamps, Labeling, OAC 3745-273-14 (E):

Universal waste lamps or containers or packages of lamps must be labeled with the words "Universal Waste - Lamp(s)" or "Waste Lamp(s)" or "Used Lamp(s)." At the time of my inspection the boxes of waste lamps were not labeled. To return to compliance with this rule submit a photograph documenting the waste lamps, or their containers, have been properly labeled.

Should you have any questions, please feel free to call me at (330) 963-1231. You can find copies of the rules and other information on the division's web page at: <http://www.epa.state.oh.us/dhwm/>.

Sincerely,

Tom Roth

**USED OIL INSPECTION CHECKLIST
GENERATORS, COLLECTION CENTERS AND AGGREGATION POINTS**

NOTE: 1. A facility is subject to the federal SPCC regulations (40 CFR 112) if it is non-transportation related (e.g., fixed) and has an aggregate above ground storage capacity greater than 1,320 gallons or a total underground storage capacity greater than 42,000 gallons of oil (including used oil), and there is reasonable expectation of a discharge to navigable waters.

2. Inspectors can check BUSTR's web-site at https://www.comapps.ohio.gov/sfm/fire_apps/bust/bustr/PublicInquiry.asp to determine if a UST containing used oil is registered with BUSTR. Inspectors may call BUSTR at 614-752-7938 or a BUSTR site coordinator to report an unregistered UST or a UST that appears to not be in compliance with BUSTR regulations. A list of BUSTR coordinators by county are at: https://www.comapps.ohio.gov/sfm/fire_apps/bust/bustr/SearchByCounty.asp.
