Dear Mr. Ledgyard:

Thank you for your April 4, 2011, response to Ohio EPA's December 2, 2010, Notice of Violation letter. The documentation you submitted included a statement from you indicating that E-Z Electric now intends to recycle all used oil generated by the facility.

My review of this documentation reveals that E-Z Electric has abated the violation discovered during the October 29, 2010, inspection as listed below.
