Dear Mr. Baron:

I met with you at Eastern Body and Repair on March 28, 2011. This was a follow up to my December 23, 2010, inspection. You told me that your landlord, WM Ruple, takes any waste fluorescent lamps you have. I spoke with Tom Ruple and he confirmed this. I will follow up with Mr. Ruple to make sure the waste lamps are properly recycled. This shows your correction of the violation cited in January 4, 2011, letter to you.

The second issue in that letter was that your drum of hazardous waste solvent was open. You told me that that drum had been shipped to Chemtron Corp. I got a copy of that manifest from Chemtron Corp. A copy is attached for your records. This shows your correction of that concern.

No further information or action is needed from you at this time.

If you have any questions, please contact me at (330) 963-1217, or robert.almquist@epa.state.oh.us.

Sincerely,

Robert Almquist
Division of Hazardous Waste Management
