Return to Compliance (RTC)**

Gerald A. Emery  
Plant Manager  
EPCO Extrusion Painting Company  
413 McClurg Road  
Boardman, OH 44512

Dear Mr. Emery:

On July 18, 2007, this writer and Todd Surrena, representing Ohio EPA, Division of Hazardous Waste Management (DHWM), visited EPCO Extrusion Painting Company (EPCO) located at 413 McClurg Road, Boardman, Ohio. The purpose of the visit was to conduct a compliance evaluation inspection (CEI) to determine the facility's compliance with Ohio's hazardous waste laws and rules as adopted under the Ohio Revised Code (ORC) Chapter 3734 and Chapter 3745 of the Ohio Administrative Code (OAC).

On July 31, 2007, Ohio EPA issued a Notice of Violation (NOV) letter to EPCO regarding a violation of personnel training requirements, OAC 3745-65-16 C, where EPCO failed to provide training within a 365-day period following the last training event.

On August 27, 2007, Ohio EPA received your response documenting that the required annual hazardous waste training has now been completed for facility personnel involved with management of hazardous waste at EPCO. Training was completed on August 16, 2007.

Thank you for your cooperation in this matter. If you have any questions, please call me at (330) 963-1266 or Todd Surrena at (330) 963-1255.

The DHWM has created an electronic news service to provide you with quick and timely updates on events and news related to hazardous waste activities in Ohio. If you haven't already, we encourage you to sign-up for this free service. You can find more information at the following Web link <http://www.epa.state.oh.us/dhwm/listserv.html>. Please feel free to share this information with your colleagues.

Failure to list specific deficiencies in this communication does not relieve EPCO from the responsibility of complying with all applicable hazardous waste regulations. This letter does not relieve your facility from liability for any past or present violations of the state's hazardous waste laws.

Sincerely,

Kris Coder  
Environmental Specialist  
Division of Hazardous Waste Management
