Steven Hanna
Ohio Diesel Injection Service
42 West Myrtle Avenue
Youngstown, OH 44507

Dear Mr. Hanna:

On November 12, 2009, this writer, representing the Ohio Environmental Protection Agency (Ohio EPA), Division of Hazardous Waste Management, conducted a compliance evaluation inspection (CEI) at the Ohio Diesel Injection Service (ODIS) facility located at 42 West Myrtle Avenue, Youngstown, Ohio. The facility was inspected to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC), and the rules promulgated thereunder in Chapter 3745 of the Ohio Administrative Code (OAC).

The inspection included a review of the facility's operations, management of wastes, and records. The facility was inspected for the requirements of a conditionally exempt small quantity generator (CESQG) of hazardous waste.

Ohio EPA identified the following violations of Ohio's hazardous waste laws. In order to correct the violations and concerns listed below, ODIS must do the following and send me the requested information **within 30 days** of the date of this letter:

1. Used Oil Labeling, OAC rule 3745-279-22(C)(1):
Containers used to store used oil at generator facilities must be labeled or clearly marked with the words "used oil."

The facility failed to label one 55-gallon drum containing used oil.

The facility labeled the drum as "used oil" during the inspection. **However, in order to abate this violation, please submit information which identifies the facility where the used oil will be sent off-site for recycling.**

2. Waste Evaluation, OAC rule 3745-52-11:
Any person who generates a waste, as defined in OAC rule 3745-51-02, must determine if that waste is a hazardous waste.

The facility failed to evaluate spent fluorescent lamps prior to disposal. However, no lamps were currently accumulating on-site.

Upon generation, you indicated during the inspection that the facility would start managing the lamps as a universal waste. **In order to abate this violation, please submit information which identifies the facility where the lamps will be sent off-site for recycling.** A list of lamp recyclers was provided to you by email.

Comments:

3. **The facility must submit information (i.e. hazardous waste manifest or bill of lading) that demonstrates the hazardous waste generated at the facility was sent to an off-site permitted TSD.**
4. Please review, sign and submit the enclosed updated *RCRA Subtitle C Site Identification* form to update the facility's information. Mail the completed form to: Ohio EPA-DHWM, P.O. Box 1049, Columbus, Ohio, 43216-1049.
5. The facility also generates a few spent aerosol cans per year. In general, the facility must ensure that each can is empty prior to disposal or scrap metal recycling. Two articles that explain the waste evaluation process for aerosol cans along with potential pollution prevention options was provided to you by email.
6. The following technical assistance documents were provided to you during the inspection:
 - Environmental Compliance Guide for Auto Repair Shops;
 - Universal Waste Rules for Handlers of Lamps;
 - Identifying Your Hazardous Waste;
 - Regulation of Used Oil;
 - Burning Used Oil in Space Heaters;
 - CESQG, SQG, and Used Oil checklists; and
 - OCAPP Compliance assistance and pollution prevention brochure.

Ohio EPA's Office of Compliance Assistance and Pollution Prevention (OCAPP) provides free compliance and pollution prevention assistance on environmental issues related to air, land and water. As indicated during the inspection, please feel free to contact me or OCAPP should your facility be interested in these services. OCAPP may be contacted at: 800-329-7518 or <http://www.epa.ohio.gov/ocapp>.

The Division of Hazardous Waste Management has created an electronic news service to provide you with updates related to hazardous waste activities in Ohio. You can find more information and sign up for this free service at the following Web link http://ohioepa.custhelp.com/cgi-bin/ohioepa.cfg/php/enduser/doc_serve.php?2=subscriptionpage.

Should you have any question, please feel free to call me at (330) 963-1278. You can find copies of the rules and other information on the DHWM's web page at: <http://www.epa.ohio.gov/dhwm>

Sincerely,

Wade Balsler
