6th NOTICE OF VIOLATION**

Dear Mr. Leonetti:

I am writing to you because you are listed as the mailing address by the Ashtabula County Auditor for the property at 3574 N Myers Road, Geneva, Ohio. In 2008, I met with Sanford Schroll at this location to conduct a hazardous waste inspection. Copies of the five previous letters sent regarding this are enclosed. I was hoping you could ask Mr. Scholl to contact me as he does not respond to my letters or phone messages. I was also hoping you could give me information regarding what business, if any, is currently operating at this location. This site is currently listed as generating between 0 and 220 pounds of hazardous waste during a calendar month and as generating used oil. A printout of our database regarding this site is enclosed. The only issue that is still outstanding for this location is the proper recycling of the waste fluorescent lamps that I saw there and of any waste lamps that might be generated in the future. Also enclosed is a fact sheet covering the rules relating to waste lamps.

You can find copies of the regulations and other information on the Division of Hazardous Waste Management web page at <http://www.epa.state.oh.us/dhwm/>.

If you have any questions, please contact me at (330) 963-1217, or robert.almquist@epa.state.oh.us.

Sincerely,

Robert Almquist
Division of Hazardous Waste Management
