Mr. Matt Dawson
Premier Manufacturing Corporation
12117 Bennington Avenue
Cleveland, OH 44135

Dear Mr. Dawson:

On June 3, 2008, Ohio EPA received Premier Manufacturing Corporation's (PMC) response to the Agency's March 4, 2008 Partial Return to Compliance letter. PMC submitted: a copy of the facility contingency plan, training slides for hazardous waste management, waste oil absorbent procedure, floor sweeper cleaning procedure, aerosol can management procedure, hazardous waste container management procedure, and photographs.

Ohio EPA's review of this documentation reveals PMC has abated the following violation and concerns:

5. Open Container, OAC rule 3745-66-73(A):
11. Concern: aerosol cans;
12. Concern: floor sweeper; and
13. Concern: oil and absorbent.

The following violations remain outstanding. In order to correct these violations, PMC must send me the required information within 15 days of the date of this letter:

1. Personnel Training, OAC rules 3745-65-16(A)(1-3), (C), and (D)(1-4):
In order to abate this violation, PMC must submit a copy of the sign-in sheets documenting the date(s) when training was provided to each employee.
2. Contingency Plan, OAC rules 3745-65-51, 3745-65-52, 3745-65-53:
In order to abate this violation, PMC must submit documentation (certified mail receipts or copy of cover letters) that verifies the contingency plan was distributed to emergency authorities.

Should you have any question, please feel free to call me at (330) 963-1278.

Sincerely,

Wade Balsler
District Representative
Division of Hazardous Waste Management
