Mr. Mark DiGiampietro  
General Manager  
Rochling Glastic Composites  
4321 Glenridge Road  
Cleveland, OH 44121-2891

Dear Mr. DiGiampietro:

On August 4, 2008, the Ohio Environmental Protection Agency (Ohio EPA) received Rochling Glastic Composites' (Glastic) response to the Agency's June 10, 2008 notice of violation letter.

Glastic submitted a written procedure for emptying/draining small resin containers into satellite accumulation drums, and documentation demonstrating the scrap solvent drum at the Pultrusion 90-day area is closed.

Ohio EPA's review of this documentation reveals that Glastic has adequately demonstrated abatement of the violations discovered during the December 5, 2007 inspection.

Should you have any question, please feel free to call me at (330) 963-1278.

Sincerely,

Wade Balsler  
District Representative  
Division of Hazardous Waste Management
