Dear Mr. Zimbardi:

On November 3, 2009, this writer, representing the Ohio Environmental Protection Agency (Ohio EPA), Division of Hazardous Waste Management, conducted a compliance evaluation inspection (CEI) at R&J Trucking Incorporated located at 8025 Southern Boulevard, Youngstown, Ohio. The facility was inspected to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC), and the rules promulgated thereunder in Chapter 3745 of the Ohio Administrative Code (OAC).

The inspection included a review of the facility's operations, management of wastes, and records. The facility was inspected for the requirements of a conditionally exempt small quantity generator (CESQG) of hazardous waste.

Ohio EPA identified the following violation of Ohio's hazardous waste laws:

1. Waste Evaluation, OAC rule 3745-52-11:  
Any person who generates a waste, as defined in OAC rule 3745-51-02, must determine if that waste is a hazardous waste.

The facility failed to evaluate spent fluorescent lamps prior to disposal.

Upon generation, you indicated that the facility would start managing the lamps as a universal waste and have them recycled. **Based upon this information, this violation is abated no further response is required.** A partial list of lamp recyclers in Ohio is enclosed (your current waste broker may also be able to accept the spent lamps).

Comments:

2. Please submit an updated *RCRA Subtitle C Site Identification* form, specifically noting the facility the facility is now a CESQG of hazardous waste. This form was provided to you during the inspection.
3. The facility generates spent aerosol cans. In general, the facility must ensure that each can is empty prior to disposal or scrap metal recycling. Attached are two articles that explain the waste evaluation process for aerosol cans and potential pollution prevention options for aerosol cans.

  - CESQG and SQG checklists; and
  - OCAPP Compliance assistance and pollution prevention brochure.

Ohio EPA's Office of Compliance Assistance and Pollution Prevention (OCAPP) provides free compliance and pollution prevention assistance on environmental issues related to air, land and water. As indicated during the inspection, please feel free to contact me or OCAPP should your facility be interested in these services. OCAPP may be contacted at: 800-329-7518 or <http://www.epa.state.oh.us/ocapp>.

The Division of Hazardous Waste Management has created an electronic news service to provide you with updates related to hazardous waste activities in Ohio. You can find more information and sign up for this free service at the following Web link [http://ohioepa.custhelp.com/cgi-bin/ohioepa.cfg/php/enduser/doc\\_serve.php?2=subscriptionpage](http://ohioepa.custhelp.com/cgi-bin/ohioepa.cfg/php/enduser/doc_serve.php?2=subscriptionpage).

Should you have any question, please feel free to call me at (330) 963-1278. You can find copies of the rules and other information on the DHWM's web page at <http://www.epa.state.oh.us/dhwm>
