RE: SMITH & THOMPSON TREE SERVICE
COLUMBIANA COUNTY
CESQG, COMPLAINT NO. 7094
RETURN TO COMPLIANCE

Diana and Chuck Smith
Smith & Thompson Tree Service
46368 Y&O Road
East Liverpool, OH 43920

Dear Mr. Smith:

On March 29, 2008, representing the Ohio EPA's Division of Hazardous Waste Management, I conducted a complaint investigation at your facility (46368 Y&O Road in Glenmoor) due to a reported release onto a neighboring property. In response to an apparent release to the environment and a neighboring property, a cleanup was conducted and the cited violations and identified concerns were addressed.

The Ohio EPA received documentation on May 23, 2008, that indicates the facility floor drains had been plugged and terminated. It appears that remaining footer and roof drains have been extended and now terminate in a roadside drainage area. Fluorescent lamps, used oils and parts washer solvents appear to be properly managed. The soil that was generated from the cleanup of the neighboring property was understood disposed at a licensed municipal solid waste landfill. New clean soil backfill was placed and the area restored.

Based on review of the provided information it appears that you have abated all cited violations.

If you have any questions, please feel free to contact me at (330) 963-1146 or at: ron.shadrach@epa.state.oh.us.

Sincerely,

Ronald J. Shadrach
Environmental Specialist
Division of Hazardous Waste Management
