RE: **SOUTHEAST METALS, INC.**
COMPLAINT # 7078
RTC

Rob Rosen
Southeast Metals, Inc.
5141 Richmond Road
Bedford Heights, OH 44146

Dear Mr. Rosen:

I have received the May 23, 2008 letter from Marcy Imperi which responded to my April 11, 2008 letter. These letters are in regards to my March 28, 2008 inspection of Southeast Metals located at 5141 Richmond Road, Bedford Heights, Ohio. The current status of the violations and concern found during that inspection is listed below.

1. OAC rule 3745-52-11 – Hazardous waste determination.
The response letter states that your electrician will take all waste fluorescent lamps and dispose of them. If the lamps are disposed, then this may not be allowed. If instead the lamps are recycled, then this is allowed by the universal waste rules. You should talk to your electrician and determine whether the lamps will be recycled.
2. OAC rule 3745-279-22(C) - Used oil labels.
The response letter documents your correction of this violation.
3. OAC rule 3745-273-14(A) – Labeling/markings- standards for small quantity handlers of universal waste.
The response letter documents your correction of this violation.
4. OAC rule 3745-273-16 – Employee training for handlers of universal waste.
The response letter documents your correction of this violation.

The response letter states you have contracted an engineering firm to work on your Storm Water Pollution Prevention Plan.

You can find copies of the regulations and other information on the Division of Hazardous Waste Management web page at <http://www.epa.state.oh.us/dhwm/>.
