RE: **PENTAIR WATER TREATMENT
LARGE QUANTITY GENERATOR
OHD 004 173 431
GEAUGA COUNTY, RTC**

Mr. Kevin Williams
Pentair Water Treatment Company
110 Park Drive
Chardon, Ohio 44024

Dear Mr. Williams:

Thank you for your June 26, 2009 response to Ohio EPA's June 9, 2009 Notice of Violation letter. My notice of violation letter listed four violations of Ohio's hazardous waste rules discovered during my inspection. You submitted evidence of corrective measures for three of the violations in an e-mail to me dated May 21, 2009. Because of these corrective measures, Pentair was returned to compliance with those rules within my Notice of Violation letter.

Pentair remained out of compliance with the following violation:

2. **OAC Rule 3745-65-16 (C), Personnel Training:** Facility personnel shall take part in an annual review of the initial training required in paragraph (A) of this rule.

In your response letter of June 26, 2009, you submitted documentation which included signed attendance sheets and an overview of the hazardous waste management training you conducted June 18, 2009.

My review of this documentation reveals that Pentair has now abated the outstanding violation (#2 in the June 9, 2009, Notice of Violation letter) discovered during the May 20, 2009 inspection.

Thank you for your cooperation and prompt response to my letter. Should you have any questions, please feel free to call me at (330) 963-1231.

Sincerely,

Tom Roth
District Representative
Division of Hazardous Waste Management
