Mr. Donald Benedetti
Struktol Company of America
201 E. Steels Corners Road
Stow, OH 44224

Dear Mr. Benedetti:

On December 4 and 15, 2008, the Ohio Environmental Protection Agency (Ohio EPA) received Struktol Company of America's (Struktol) response to the Agency's November 18, 2008 Notice of Violation letter. Struktol submitted the following documentation: emergency posting, photographs documenting proper universal waste lamp management, and information regarding the used parts washer solvent.

Please ensure the facility has documentation in its file that demonstrates the used parts washer solvent is sent off-site for continued use through Heritage-Crystal Clean.

Ohio EPA's review of this documentation reveals that Struktol has abated all violations discovered during the November 10, 2008 inspection.

Should you have any question, please feel free to call me at (330) 963-1278.

Sincerely,

Wade Balsler
District Representative
Division of Hazardous Waste Management
