Mr. Paul Medved
Tyler Elevator Products
6161 Halle Drive
Cleveland, OH 44125

Dear Mr. Medved:

On May 21, 2007, the Ohio Environmental Protection Agency (Ohio EPA) received Tyler Elevator Products' (Tyler) response to the Agency's April 17, 2007 Notice of Violation letter. Tyler submitted the following documentation: waste evaluation results for booth filters and liners; inspection logs; photographs documenting used oil release clean-up; documentation of appropriate fluorescent lamp universal waste management; a photograph showing a telephone near the hazardous waste accumulation area; and hazardous waste manifest #0020118000.

Ohio EPA's review of this documentation reveals that Tyler has adequately demonstrated abatement of all violations discovered during the April 12, 2007 inspection.

Should you have any question, please feel free to call me at (330) 963-1278. You can find copies of the rules and other information on the DHWM's web page at <http://www.epa.state.oh.us/dhwm>.

Sincerely,

Wade Balsler
District Representative
Division of Hazardous Waste Management
