Dear Ms. Viglione:

Thank you for your correspondence dated October 9, 2007, and received on October 11, 2007, responding to Ohio EPA's NOV letter dated September 27, 2007.

Youngstown State submitted documentation including results of an evaluation of waste residue from the Sakuri Oliver 272 E roller cleaning process.

My review of this documentation indicates that Youngstown State has adequately demonstrated abatement of the violation from the September 25, 2007 inspection cited in my letter of September 27, 2007, specifically:

1. OAC Rule 3745-52-11 Hazardous waste determination

Should you have any questions regarding this letter, please contact me at (330) 963-1165.

Sincerely,

Neil J. Wasilk
Environmental Specialist
Division of Hazardous Waste Management
