RTC

April 29, 2008

Mr. Ken Hawk
Hawk Enterprise
1900 Reservoir Road
Lima, Ohio 45804

Dear Mr. Hawk:

On August 21, 2007, Ohio EPA, Division of Hazardous Waste Management, conducted a complaint investigation of Hawk Enterprise (HE), 1900 Reservoir Road in Lima, Ohio.

On September 20, 2007, you were sent a Notice of Violation (NOV) letter. On December 13, 2007, HE received a second NOV letter and on February 22, 2008, you were sent a third NOV. On March 18, 2008, Ohio EPA returned to your facility to discuss the violations. The following is the current status of the violations which were noted:

1) Off-site shipments of used oil by generators, OAC Rule 3745-279-24:

Generators shall ensure that their used oil is transported only by transporters who have obtained U.S. EPA identification numbers.

HE may burn its own used oil in an on-site space heater as long as all applicable requirements are met.

On April 17, 2008, I discussed the violations and plans for purchasing a used oil burner with Ed Hawk. On April 18, 2008, you submitted documentation that HE will begin to store used oil and intend to purchase a used oil burner. You will no longer be shipping waste off-site. Therefore, this violation is considered abated.

2) Labeling of Used Oil, OAC 3745-279-22(C) :

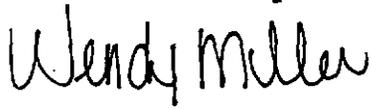

This violation was previously abated on March 18, 2008, during the site visit and noted in the March 27, 2008, partial return to compliance letter you received from Kara Reynolds.

Hawk Enterprises has abated all violations found during our initial complaint investigation on August 21, 2007.

Mr. Ken Hawk
