Re: Leininger Truck Service
Fulton County
DHWM Compliance Evaluation
Inspection/Complaint Investigation (2882)
Return to Compliance

October 6, 2009

Mr. William Leininger, Owner
Leininger Truck Service
100 South Defiance Street
Archbold, Ohio 43502

Dear Mr. Leininger:

Thank you for your September 15, 2009, response to Ohio EPA's June 22, 2009, Notice of Violation. In your response, you stated that Safety-Kleen will be picking up your spent fluorescent bulbs for recycling from now on. Since you are planning to manage your spent bulbs as universal waste, you must follow the universal waste rule as highlighted in the document I provided you the day of my inspection. In summary, spent fluorescent light bulbs must be stored in suitable containers that must be kept closed unless bulbs are being added to them. Also, the storage containers must be properly labeled with the words "Universal Waste Lamps"; "Waste Lamp(s)"; or "Used Lamp(s)". Finally, you must have a system of tracking the recycling of the waste offsite as a way to assure that the universal waste is not accumulated past 1 year or 365 days. You also submitted documentation regarding the stained soil cleanup and eventual disposal. My review of the documentation reveals that you have now abated the violation discovered during the January 22, 2009, inspection.

1. OAC Rule 3745-52-11: Waste Evaluation – **Corrected 9/15/2009**
2. OAC Rule 3745-279-22 (D): Used oil storage requirements for generators -- Response to releases – **Corrected 9/15/2009**
3. OAC Rule 3745-279-22(C)(1): Labeling – **Corrected during inspection conducted on 6/11/2009**

Mr. William Leininger, Owner
