Mr. Dave Walter
ThyssenKrupp Crankshaft Company, LLC
1000 Lynch Road
Danville Illinois 61834

Dear Mr. Walter:

On September 9, 2010, I met with Mr. Jeff Freshour at ThyssenKrupp Atlas, Inc. (TKA), located at 901 South U.S. Route 23, Fostoria, to conduct a pre permit inspection. At that time he indicated the following:

- The TKA Fostoria facility has closed its operations.
- The oil / water separator discharging to permit outfall #005, is still being operated.
- Equipment was still being moved off site, from both inside and outside of the building.
- The facility was for sale.
- The south parking lot was to be rented out for grain (corn) storage.

A renewal NPDES permit application had been received from TKA, which included information for outfall 005 only. The application did not include information for outfalls 001 thru 004, citing that because the facility had closed, there was no longer any industrial activity tributary to storm water.

An e-mail from Mr. Freshour (1/7/2011) indicates that the TKA facility has since been sold to "*Industrial Asset Recycling*".

At this time, information regarding the proposed operations and usage (include SIC codes) for the new owner are needed. A review of the proposed operations at this site will be necessary to determine the appropriate (continued) permitting of the existing storm water outfalls #001 through #004.

An updated NPDES permit application from the current owner, to include outfalls 001 thru 005 should be submitted along with the NPDES Permit Application for Transfer Form.

Mr. Dave Walter

The forms "Instructions for Applying to Transfer an Ohio EPA Individual NPDES Permit" and the "NPDES permit transfer application form" are available from our website at:

NPDES Permit Application for Transfer Form
http://www.epa.ohio.gov/portals/35/permits/NPDESTransferForm_fis.pdf

Instructions for Applying to Transfer EPA Individual NPDES Permit
http://www.epa.ohio.gov/portals/35/permits/NPDESTransfer_instructions_10_03_s.pdf

The permit transfer and NPDES renewal issuance process cannot proceed until these forms have been received. The completed NPDES permit and transfer applications should be mailed to the Ohio EPA Northwest District Office, 347 North Dunbridge Road, Bowling Green, Ohio 43402.

Please note that until the permit is transferred, you are responsible for submitting discharge monitoring reports (DMR) to Ohio EPA. Our records indicate that no DMR was submitted for the months of November 2009 and November 2010. If data is available for these months, it must be submitted. Further, if no discharge occurs for the entire month, the "no discharge" box on the eDMR screen must be checked. A list of permit violations (October 2007 thru December 2010) is enclosed.

If there are any questions, please advise.

Yours truly,

Mary Beth Cohen
