Re: Richland County  
Donley's Used Car Outlet  
NPDES Permit

September 16, 2009

Gary Lewis  
Donley's Used Car Outlet  
P.O. Box 653  
Bellville, Ohio 44813

Dear Mr. Lewis,

On September 10, 2009, an inspection was made of the wastewater treatment facilities serving Donley's Used Car Outlet located at 5822 S.R. 13, Bellville, Richland County. At the time of the inspection the treatment plant was not running. No cars were located in the parking lot and a sign on the building indicated that the dealership had moved.

A review of your discharge monitoring reports for the period of April through August 2009 revealed no violations of the limits contained in your NPDES permit. "No discharge" was reported from June through August 2009.

The NPDES discharge permit for your facility expires on February 28, 2010. A renewal application was to be submitted to our office no later than August 28, 2009. As of the date of this letter we have yet to receive the renewal application. You are required to either submit a renewal application or request termination of the permit if a discharge will no longer occur in the future. The renewal application should be submitted to our office immediately.

If you have any questions please call me at 419-373-3070.

Sincerely,

Walter Ariss  
Environmental Specialist II  
Division of Surface Water
