Re: Richland County
Eastview WWTP
Construction
Storm Water

September 28, 2011

Mr. Daniel Hardwick
Richland County Commissioners
50 Park Avenue East
Mansfield, Ohio 44902

Dear Mr. Hardwick:

On June 23, 2011, Ohio EPA representative Brain McGlown inspected Eastview WWTP at 1740 Fleming Falls Road, Mifflin Township. The purpose of the visit was to evaluate compliance of the site with the National Pollutant Discharge Elimination System (NPDES) permit for storm water discharges associated with construction activity, Facility ID No. 2GC00227*AG. The inspection was conducted under the provisions of Ohio's water pollution control statutes, Ohio Revised Code (ORC) Chapter 6111. Ohio EPA does not have record of any co-permittees for this project.

It appears that the project at 1740 Fleming Falls Road is complete. The site has catch basins that drain into a detention pond. A Notice of Termination (NOT) **must be filed** to relieve you of the obligation to comply with this general permit. An NOT may be filed if one or more of the following conditions have been met:

1. Final stabilization has been established on all areas of the site for which the permittees are responsible. Final stabilization means that all soil-disturbing activities at the site are complete and a uniform perennial vegetative cover of at least 70% density has been established over the entire site. All temporary erosion and sediment control measures have been removed, properly disposed of, and all trapped sediment has been permanently stabilized
2. Another operator(s) has assumed control over all areas of the site that have not been fully stabilized.

Your site appears to meet all of the conditions mentioned above. If this is accurate, please file the NOT form. The NOT form and instructions can be found on our website:
<http://www.epa.ohio.gov/dsw/storm/stormform.aspx>.

NOTs must be mailed to Ohio EPA's Central Office in Columbus, Ohio, within 45 days of when the above criteria are met.

If there are any questions, please contact me at (419) 373-3009.

Sincerely,

Lynette Hablitzel, PE
Division of Surface Water
Storm Water Program
