Chris Bauseman
Delaware County Engineer
50 Channing Street
Delaware, OH 43015

Dear Mr. Bauseman:

This letter is regarding my preliminary review of the Storm Water Pollution Prevention Plan associated with the Liberty Road Realignment Project in Delaware County on January 16, 2006. During the review, it appeared that the Post Construction Requirements of the General Storm Water Permit were not addressed

In accordance with the conditions set forth in the General Permit and my preliminary review the following items must be addressed:

Post Construction:

The General Permit mandates specific water quality treatment for storm water following the completion of construction (see attachment). Please be able to demonstrate that your post construction requirements per the General Permit will be met. Please submit to my attention, the water quality calculations demonstrating compliance. This information can be sent to my attention via a response letter, or to my email at: harry.kallipolitis@epa.state.oh.us.

If you have any questions regarding this letter or my review, please do not hesitate to call me at our Central District Office at (614) 728-3844. In addition, please provide a written response to the action items addressed above within ten days from receipt of this letter.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office
