RE: Hoover Skate Park

Darryl Hughes  
City of Grove City  
4035 Broadway Ave.  
Grove City, OH 43123

Dear Mr. Hughes:

This letter is written in response to my storm water inspection of the construction activities associated with the development located on the east side of Hoover Road, between Southwest Boulevard and Stringtown Road, located in Franklin County. The inspection was conducted on November 29, 2006. This site is currently covered under the Ohio EPA issued Storm Water Permit Associated with Construction Activities. Based on my site observations of the site and the conditions of the Storm Water Permit, the following items were noted.

**Sediment and Erosion Controls:**

There are areas of silt fencing that are in need of repair. Please maintain the silt fencing around the perimeter of the property. Also, one specific area had residual material discharging from a cement mixer and flowing over the silt fence near Brown Run (please see attached pictures). Please be aware that the disturbed areas must be adequately protected from erosion with seed and mulch in preparation for the upcoming winter months.

If you have any questions regarding the contents of this letter, please do not hesitate to contact me at our Central District Office at 614-728-3851. In addition, please provide a written response, or email ([greg.sanders@epa.state.oh.us](mailto:greg.sanders@epa.state.oh.us)), to this letter within seven days of receipt. Please note, follow up inspections will be conducted to ensure compliance with the General Permit

Sincerely,

Gregory L. Sanders
