Dear Mr. Wolcott:

This letter is written regarding the storm water inspection I conducted at Costco Wholesale in Delaware County on December 7, 2006. The Agency understands these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

Post Construction:

The General Permit mandates specific water quality treatment for storm water following the completion of construction (see attachment). Please be able to demonstrate that your post construction requirements per the General Permit will be met. Please submit to my attention, the water quality calculations demonstrating compliance. This information can be sent to my attention via a response letter, or to my email at: harry.kallipolitis@epa.state.oh.us.

Once your post construction mandates have been verified, please submit your Notice of Termination (NOT).

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844.

Sincerely,

Harry Kallipolitis
