Mr. Gary Edwards
Ohio Valley Electric Company
P.O. Box 372
Cheshire, Ohio 45620

Dear Mr. Edwards:

On April 24, 2008, Vicky German and I performed a compliance inspection to determine Ohio Valley Electric Corporation (OVEC)'s compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

I received additional information from OVEC on May 6, 2008. Based on our observations and review of facility documentation, Notice of Violation letters were sent on June 3 and July 24, 2008. I received responses on June 23 and August 7, 2008. On August 26, 2008, another NOV letter was sent and I received responses on September 26 and October 14, 2008. Based on the documentation provided, OVEC has returned to compliance with the following regulations:

- i) OAC rule 3745-52-41(B), Annual report;
- ii) OAC rule 3745-54-16(A)(2), Personnel training;
- iii) OAC rule 3745-273-15(A)/(B), Accumulation time limits – standards for small quantity handlers of universal waste.

OVEC has now abated all violations cited from the April 24, 2008 inspection. If you have any questions regarding waste management or pollution prevention activities,
