Dear Mr. Moore:

On February 3, 2009, Scott Bergreen, and I performed a compliance inspection of the Holzer Center for Cancer Care (HCCC) to determine its compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC). Trevor Irwin of the Division of Solid and Infectious Waste Management accompanied us on the inspection.

Based on our observations and review of facility documentation during this inspection, we found the following violation of the hazardous waste regulations. Based on the information you provided in a letter received on March 10, 2009, your facility has returned to compliance with this regulation:

OAC rule 3745-52-11 Hazardous waste determination.

Holzer Center for Cancer Care has now abated all violations cited from the February inspection.

Additional information on the hazardous waste rules, pollution prevention assessments and other useful information is available on Ohio EPA's website at [www.epa.state.oh.us](http://www.epa.state.oh.us). If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 380-5278. If you have any pollution prevention questions or would be interested in a pollution prevention assessment, please call Donna Goodman at (740) 380-5293.

Sincerely,

Richard Stewart  
District Representative  
Division of Hazardous Waste Management
