Dear Ms. Whobrey:

On May 31, 2007, Trevor Irwin (Division of Solid and Infectious Waste Management) and I performed a compliance inspection to determine your facility's compliance with Ohio's hazardous waste laws regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on this inspection, a notice of violation letter was issued to you on June 6, 2007. On July 5, 2007, I received your response which included photographs of your used oil drum properly labeled, the spent fluorescent bulbs properly labeled and stored, and you provided the name and address of the facility that will recycle these bulbs.

Based on this information, you have returned to compliance with the following hazardous waste rules:

- i. OAC rule 3745-279-22(C), Used oil requirements for generators;
- i. OAC rule ~~3745-279-11(A)~~, Prohibitions  
52-11

You have abated all violations cited during the May 31, 2007 inspection. If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 380-8178.

Sincerely,

Richard Stewart  
District Representative  
Division of Hazardous Waste Management
