Dear Mr. McGraw:

On May 3, 2007, Trevor Irwin (Division of Solid and Infectious Waste Management) and I performed a compliance inspection to determine your facility's compliance with Ohio's hazardous waste laws regulations as found in Chapter 3734. of the Ohio Revised Code (ORC) and Chapter 3745. of the Ohio Administrative Code (OAC). This letter will explain the violations we found and what you need to do to correct the violations.

On May 14, 2007, a notice of violation letter was issued to you regarding used oil regulations. On June 21, 2007, I received your response. Based on the used oil receipt you provided and photographs, you have returned to compliance with the following regulations:

- i. OAC rule 3745-279-22(D), Response to releases;
- ii. OAC rule 3745-279-24(B), Off-site shipments of used oil by generators.

You have now abated all violations cited from the May 7, 2007 inspection. If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 385-8501.

Sincerely,

Richard Stewart
District Representative
Division of Hazardous Waste Management
