Mr. Aaron Zamensky
Cambridge Classic Ford
1023 Wheeling Ave.
Cambridge, Ohio 43725

Dear Mr. Zamensky:

On January 21, 2010, I performed a compliance inspection of your Cambridge Classic Ford to determine the validity of the complaint and to determine its compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on this inspection, a Notice of violation was issued to you on January 26, 2010. On May 21, 2010, I received your response via email which contained photographs of your used oil tank and containers labeled with the words "used oil". Based on this documentation, your facility has returned to compliance with the following regulation:

- (i) Used oil storage requirements for generators, OAC rule 3745-279-22(C).

Additional information on the hazardous waste rules, pollution prevention assessments and other useful information are available on Ohio EPA's website at www.epa.state.oh.us. If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 380-5278.

Sincerely,

Richard Stewart
District Representative
Division of Hazardous Waste Management

RS/mlm

NOTICE:

Ohio EPA's failure to list specific deficiencies or violations in this letter does not relieve your company from having to comply with all applicable regulations.
