Ron Evans Enterprises  
11754 State Route 93  
Jackson, Ohio 45640

Dear Mr. Evans:

As a result of an inspection conducted at your facility on July 19, 2005, Ohio EPA cited your facility for used oil violations (OAC 3745-279-82; Cannot apply used oil for dust control and, OAC 3745-279-22(C)(1); used oil container labeling.) Your facility had addressed these violations but Ohio EPA's records indicated that your facility had not been returned to compliance for these violations. I visited your facility on February 10, 2009 and confirmed that Ron Evans Enterprises has abated all violations of Ohio's hazardous waste laws and regulations discovered during the July 19, 2005 inspection.

If you should have any questions, please call me at (740) 380-5262.

Sincerely,

John Rochotte  
District Representative  
Division of Hazardous Waste Management

Ohio EPA's failure to list specific deficiencies or violations in this letter does not relieve your company from having to comply with all applicable regulations.
