RTC

Dear Mr. Paul:

Thank you for your July 30 and October 14, 2011 e-mail responses to Ohio EPA's July 21, 2011 Notice of Violation letter. The July 30, 2011 documentation you submitted included photographic documentation demonstrating that the used oil containers and tanks were properly labeled with the words "Used Oil" and that the used oil spill on the ground next to the residual exhaust tank was cleaned up. The October 14, 2011 documentation included a used oil invoice from Safety-Kleen Systems, Inc.

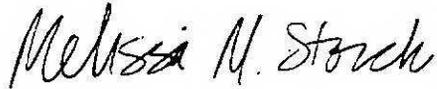

My review of this documentation reveals that Paul's Marine, Inc. has now abated all violations discovered during the July 15, 2011 inspection as listed below.

Letter Citation #	Rule Citation
1.	OAC Rule 3745-279-22(C)(1), Used oil storage requirements for generators – labels
2.	OAC Rule 3745-279-22(D)(3), Used oil storage requirements for generators – responses to releases
3.	OAC Rule 3745-279-24, Off-site shipments of used oil by generators
