Re: Regional Waste Solutions C&DD Transfer Site – Illegal Disposal of C&DD

Dear Mr. Lore:

During the morning of September 2, 2009, Allan Hurtt and I from Ohio EPA visited the site, located at 1388 Stimmel Road, Columbus, Ohio, that your company (Regional Waste Solutions) is using to transfer construction and demolition debris (C&DD) from both your own company and local haulers to a licensed C&DD landfill. Since the start of operations this spring it is my understanding that you have been hauling the C&DD to the Fallsburg Road Landfill located in northeast Licking County.

At the time of the inspection it was apparent from the size of the pile of C&DD that a tremendous amount of C&DD material has been accepted at your transfer site, but clearly not much waste has been transferred out to a licensed C&DD landfill for disposal. During the inspection several loads of C&DD waste were accepted, but no waste was being hauled away. Since waste is not being removed as quickly as it is accepted, I consider the C&DD material as being illegally disposed, which is a violation of Ohio Administrative Code Rule 3745-400-04(B).

Please respond in writing within ten (10) days receipt of this letter as to what steps you plan on taking to abate this violation. Note that failure to take timely action to abate this violation may result in Ohio EPA taking enforcement action against your company.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director
