**Re: Management of Scrap Tires – Woody's Auto Salvage – Follow-up
Inspection**

Dear Mr. Baker:

During the early afternoon of June 30, 2009, I stopped at your auto salvage operation located at 1988 McKinley Avenue to discuss what steps you have taken so far to remove the scrap tires noted during my inspection on May 29, 2009.

During our conversation you indicated that you have removed approximately 500 scrap tires to date. You also acknowledged that you will continue to concentrate on removing the larger accumulations of off-rim scrap tires that are located on the outside of the northern perimeter fence. Thank you for your efforts thus far in removing the accumulation of scrap tires.

If you have any questions, please feel free to call me at 728-3890. I can also be reached by email at phil.farnlacher@epa.state.oh.us.

Sincerely,
