**Re: Final Disposal of Black Mixture of Refractory Brick and Other Material**

Dear Mr. Johnson:

I am writing this letter as a follow-up to my site visit of October 22, 2008 to your recycling yard located on Crawfis Road. The purpose of my site visit was to determine if all of the black mixture of waste material that had been deposited there during the demolition of the Anchor Hocking Plant #2 had been removed to a licensed solid waste landfill facility. It is my understanding from speaking with both Homrich and Hull & Associates personnel, and my own visual observations, that this material has been removed and taken to the Pine Grove Landfill for final disposal.

Thank you for both your and Homrich's efforts to get this matter resolved. If you have any questions, please feel free to call me at (614) 728-3890. I can also be reached by email at [phil.farnlacher@epa.state.oh.us](mailto:phil.farnlacher@epa.state.oh.us).

Sincerely,

Phil Farnlacher  
Environmental Specialist
