Mr. John Groninger
Johnny's Tire & Auto Service
720 North Court Street
Steubenville, Ohio 43952

Dear Mr. Groninger:

On May 13, 2009, Vicky German and I conducted a complaint investigation of Johnny's Tire & Auto Service's facility in Steubenville, Ohio to determine the validity of a complaint and its compliance with Ohio's hazardous waste laws as found in Chapter 3734. of the Ohio Revised Code (ORC) and Chapter 3745. of the Ohio Administrative Code (OAC). I sent you a Notice of Violation (NOV) letter on May 15, 2009, specifying the violations observed during the complaint investigation. To date, Johnny's Tire & Auto Service has failed to respond to the May 15, 2009 NOV letter and remains in violation of the following:

- (1) **Used oil storage requirements for generators, OAC rule 375-279-22(C):** Containers and aboveground tanks used to store used oil at generator facilities shall be labeled or marked clearly.

During the inspection, the used oil tanks and containers were not labeled as required by this rule. To demonstrate compliance with this rule, these containers must be labeled appropriately and photographic documentation must be sent to this office for review.

- (2) **Used oil storage requirements for generators, OAC rule 375-279-22(D):** Upon detection of a release of used oil to the environment a generator shall clean up and manage properly the release used oil and other materials.

During the site visit, used oil contaminated concrete was observed around leaking used oil containers. As required by this rule, the used oil release must be cleaned up from the concrete. To demonstrate compliance with this rule, photographic documentation must be submitted to Ohio EPA demonstrating that the contaminated concrete has been cleaned up properly.

Sincerely,
