Dear Mr. Kelley:

Thank you for your September 9, 2009 response to Ohio EPA's August 24, 2009 Notice of Violation letter. Your response included photographic documentation demonstrating the 55-gallon drums located outside the Maintenance Shop, and the used oil tank located inside the Maintenance Shop, have been labeled with the words "Used Oil". You also submitted photographic documentation that the oil-stained soil behind the Maintenance Shop has been cleaned up.

FeeCorp Industrial Services has now abated all violations discovered during the August 12, 2009 inspection.

Should you have any questions or require assistance, please feel free to call me at 740-380-5237.

Sincerely,

Vicky D. German
