Dear Mr. Knowlton:

On October 19, 2010, I performed a compliance evaluation inspection of Slay Transportation's (Slay) facility and operations to determine its compliance with Ohio's hazardous waste laws and regulations, as found in the Ohio Revised Code and the Ohio Administrative Code (ORC and OAC, respectively).

Based on this inspection, a Notice of Violation letter was issued to you on November 2, 2010. I received your response on December 2, 2010. Slay responded with documentation and a second NOV letter was issued on December 15, 2010. On January 26, 2011, I received Slay's response. Based on the documentation provided with this response, Slay has returned to compliance with the following regulations:

- i) OAC rule 3745-65-54(D) Amendment of contingency plan;
- ii) OAC rule 3745-65-16 Personnel training; and
- iii) OAC rule 3745-52-11 Hazardous waste determination.

Slay has now abated all violations cited from the October 19, 2010 inspection.

If you have any questions regarding waste management or recycling; please call me at (740) 380-5278. You can also find copies of the rules and other information on Ohio EPA's web page at <http://www.epa.ohio.gov>.

Sincerely,

Richard Stewart  
District Representative
