Mr. Joe Lucas  
Lucas Automotive  
12065 East Pike  
New Concord, Ohio 43762

Dear Mr. Lucas:

On July 11, 2011, I performed a compliance inspection of your shop to determine its compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on this inspection, a notice of violation was issued on July 12, 2011. On August 31, 2011, I visited your site and observed that you had labeled your used oil drums. Therefore, you have returned to compliance with the hazardous waste regulations:

- (i) Used oil storage requirements for generators, OAC rule 3745-279-22(C).

I have attached a factsheet regarding the management of used oil for your use. Additional information on the hazardous waste rules is available on Ohio EPA's website at [www.epa.ohio.gov](http://www.epa.ohio.gov). If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 380-5278.

Sincerely,

Richard Stewart  
District Representative  
Division of Materials and Waste Management

RS/mlm

**NOTICE:**

Ohio EPA's failure to list specific deficiencies or violations in this letter does not relieve your company from having to comply with all applicable regulations.
