Dear Mr. Berkfield:

Thank you for your August 22, 2007 response to Ohio EPA's July 31, 2007 Notice of Violation letter. The documentation you submitted included photographic documentation demonstrating that the area of oil-stained soil surrounding the four 55-gallon used oil drums has been cleaned up. In addition, your letter indicated Neff Paving has made changes to oil management and storage procedures to help eliminate future spills.

A review of this documentation reveals that Neff Paving has now abated all violations discovered during the May 14, 2007 inspection.

Should you have any questions regarding this letter, please feel free to call me at 740-380-5237.

Sincerely,

Vicky D. German
