Mr. Jim Dingey  
Burnham Foundry LLC  
P.O. Box 3148  
Zanesville, Ohio 43702

Dear Mr. Dingey:

On July 7, 2009, Vicky German and I performed a compliance inspection of Burnham Foundry LLC to determine its compliance with Ohio's hazardous waste laws and regulations as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

Based on our observations and the documentation reviewed from the inspection, a notice of violation letter was sent to Burnham on July 15, 2009. Based on the documentation that you provided, universal waste management policy, Burnham has returned to compliance with the following regulations:

- (i) OAC rule 3745-273-14 Labeling/markings - standards for small quantity handlers of universal waste; and
- (ii) OAC rule 3745-273-15 Accumulation time limits.

Burnham has now abated all violations cited during the July, 2009 inspection.

Additional information on the hazardous waste rules, pollution prevention assessments and other useful information is available on Ohio EPA's website at [www.epa.state.oh.us](http://www.epa.state.oh.us). If you have any questions regarding waste management or pollution prevention activities, please call me at (740) 380-5278. If you have any pollution prevention questions or would be interested in a pollution prevention assessment, please call Donna Goodman at (740) 380-5293.

Sincerely,

Richard Stewart  
District Representative  
Division of Hazardous Waste Management
