Dear Mr. Barker:

Thank you for your most recent response received on July 25, 2008 to Ohio EPA's April 24, 2008 Notice of Violation letter. The information provided in your letter included photographs of properly containerized automotive fluids. I also conducted a site visit on October 15, 2008 in which I was able to confirm that the gasoline tanks previously stored on the banks of the stream have now been removed from the site.

My review of the documentation that you sent, as well as information gathered in the October 15, 2008 site visit reveal that Barker's Auto Salvage has now abated all violations discovered during the February 5, 2008 complaint investigation.

Should you have any questions, please feel free to contact me at 740-380-5293.

Sincerely,

Donna Goodman
District Representative
Division of Hazardous Waste Management
