Mr. Bob Walton, Vice Chairman
Southern Ohio Port Authority
PO Box 1525
433 Third Avenue
Portsmouth, Ohio 45662

Dear Mr. Walton:

On May 4, 2010, I re-inspected the Southern Ohio Port Authority's ("SOPA") Diesel Shop located at 500 Industry Road in New Boston to determine SOPA's compliance with Ohio's hazardous waste laws as cited in Ohio EPA's November 13, 2008 Notice of Violation letter to SOPA. Based on the re-inspection and on manifests and other waste disposal documentation submitted to Ohio EPA via electronic mail on March 22 and April 14, 2010, SOPA has now abated all violations discovered during the October 16, 2007 inspection.

Since SOPA has violated ORC §3734.02(E) and (F), SOPA is subject to all applicable general facility standards found in OAC chapters 3745-54 and 55. Additionally, at any time, Ohio EPA may assert its right to have SOPA begin facility-wide cleanup pursuant to the Corrective Action process under Ohio law.

Should you have any questions, please feel free to contact me at 740-380-5293.

Sincerely,

Donna Goodman
District Representative
Division of Hazardous Waste Management
