Mr. George Eldridge

Portsmouth, Ohio 45662

Dear Mr. Eldridge:

On September 4, 2007, Mr. Ken Mettler and I conducted a follow up site visit to your automotive dismantling and scrap operation located at your home at 4187 Bonser's Run Road in Portsmouth. Based on our investigation, we observed that you have now labeled four used oil drums, containerized leaking auto parts, removed automotive batteries from the site, and excavated oil-contaminated soils.

Based on this investigation, you have now abated all violations discovered during the December 27, 2006 complaint investigation. As we discussed during our site visit, please note any rimless tires stored on your site should be kept under roof or a tarp.

Should you have any questions, please feel free to contact me at (740) 380-5293.

Sincerely,

Donna Goodman  
District Representative  
Division of Hazardous Waste Management
