Mr. Terry Mustain  
Mustain Muffler and Brake  
7471 State Route 139  
Lucasville, Ohio 45648

Dear Mr. Mustain:

Thank you for your March 13, 2007 telephone response to Ohio EPA's February 8, 2007 Notice of Violation letter. Based on the information that you provided in your telephone call, Ohio EPA has determined that you have now abated all violations discovered during the December 12, 2006 inspection. So that I may complete my file records, please be immediately submit, via email, the electronic photographs of the area of oily soils which you excavated behind your building, as you stated would be forthcoming. My email address is [donna.goodman@epa.state.oh.us](mailto:donna.goodman@epa.state.oh.us).

**GENERAL COMMENTS**

- (a) Note that as previously stated in my two prior Notice of Violations letters, Mustain Muffler must develop a system for safely storing all auto parts which may leak oil. The parts must be drained of fluids prior to starting, or they must be stored so that all leaking fluids can be contained and sent offsite for recycling. I will be stopping by your facility in the near future in order to observe this parts storage system.

If you should you have any questions, please feel free to contact me at 740-380-5293.

Sincerely,

Donna Goodman  
District Representative  
Division of Hazardous Waste Management

DG/mlm

**NOTICE:**

Ohio EPA's failure to list specific deficiencies or violations in this letter does not relieve you from having to comply with all applicable regulations.
