Dear Mr. Depue:

I received Broughton Foods response to my November 9, 2009 Notice of Violation (NOV) letter on November 19, 2009. The documentation you submitted included a photograph indicating a box of universal waste fluorescent bulbs was properly closed and labeled. In addition, Broughton Foods' photograph indicates a system is in place to document how long universal waste lamps have been stored on-site by placing the date on the box.

My review of this documentation reveals that Broughton Foods has adequately demonstrated abatement of the following violations discovered during the October 30, 2009 inspection:

- (2) **OAC 3745-273-13(D)(1), Waste Management – Standards for Small Quantity Handlers of Universal Waste**
- (3) **OAC 3745-273-14(E), Labeling/Marking – Standards for Small Quantity Handlers of Universal Waste**

Broughton Foods has resolved all violations resulting from the October 30, 2009 inspection.
