Mr. Jon Pollard, Safety Coordinator
Michael Bradley Apparatus
16 Industry Road
Marietta, OH 45750

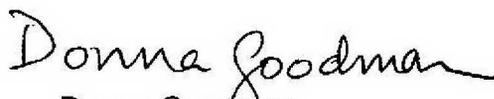

Dear Mr. Pollard:

Thank you for your July 11, 2011 emailed response to my May 27, 2011 Notice of Violation letter. The documentation you submitted included a statement that employees have been retrained to properly manage used oil; photos of properly labeled used oil drums and areas where oil-contaminated soils were excavated; invoices for disposal of excavated soils and for nonhazardous liquids in pit surrounding the varnish tank; and a statement that Safety Kleen will now service a small parts washer for your company.

My review of this documentation reveals that Michael Bradley Apparatus has now abated all violations discovered during the April 14, 2011 inspection.

Should you have any questions, please feel free to call me at (740) 380-5293.

Sincerely,

Donna Goodman
District Representative
Division of Materials and Waste Management

DG/mlm

NOTICE:

Ohio EPA's failure to list specific deficiencies or violations in this letter does not relieve your company from having to comply with all applicable regulations.
