Ms. Maggie Ellis
General Manager
Mondo Polymer Technologies
State Route 7
P.O. Box 250
Reno, Ohio 45773

Dear Ms. Ellis:

Thank you for your December 14, 2007 e-mail response to Ohio EPA's December 11, 2007 Notice of Violation letter. The documentation submitted by Mr. Rick Hockenberry, included photographs demonstrating that the used oil tank and 55-gallon drums were properly labeled "used oil."

My review of this documentation reveals that Mondo Polymers has abated the following violation discovered during the December 6, 2007 inspection:

(1) OAC Rule 3745-279-22(C), Used Oil Storage Requirements for Generators:

Mondo Polymers has resolved the used oil violation resulting from the December 6, 2007 inspection.

GENERAL COMMENTS

- (a) As we discussed during the inspection, someone from Ohio EPA's Division of Surface Water and Division of Drinking and Ground Water may be contacting you regarding your well water and discharge requirements for the wastewater generated from your plastics manufacturing process.
