Dear Mr. White:

Thank you for your June 26, 2008 e-mail response to Ohio EPA's June 19, 2008 Notice of Violation letter. The documentation you submitted included photographs demonstrating that the used oil tank and 55-gallon drums were properly labeled "used oil."

My review of this documentation reveals that Quality Tank Testing Services has abated the following violation discovered during the June 16, 2008 inspection:

(1) OAC Rule 3745-279-22(C), Used Oil Storage Requirements for Generators:

Quality Tank Testing Services has resolved the used oil violation resulting from the June 16, 2008 inspection.

Sincerely,
