RE: OUTPATIENT CARE CENTER NORTH, PIQUA, OHIO

Dear Mr. Roush:

On September 16, 2010, I conducted a large generator of infectious waste re-inspection at the above mentioned facility in the presence of Deanne Rhoades. This inspection was conducted in order to determine compliance with Ohio Administrative Code (OAC) 3745-27, specifically rules governing large generators of infectious waste and compliance issues noted in the August 31, 2010, correspondence from the Ohio EPA. The noted violation from the August 25, 2010 inspection was corrected and the facility was found to be in substantial compliance.

If you have any questions, please contact me at (937) 285-6094.

Sincerely,

Jill Olberding, R.S.
Division of Solid and Infectious Waste Management
