**RE: OUTPATIENT CARE CENTER SOUTH, 988 S. DORSET ROAD, TROY
LG IW GENERATOR INSPECTION, NOTICE OF VIOLATION**

Dear Mr. Roush:

On July 21, 2010, I conducted a large generator of infectious waste inspection at the above mentioned facility in the presence of Deanna Rhoades. This inspection was conducted in order to determine compliance with Ohio Administrative Code (OAC) 3745-27, specifically rules governing large generators of infectious waste. Violations and comments are documented in this letter.

1. During the inspection the following areas were inspected: Lab, IW storage area, Suite 105, 203, 205 and 301.
2. Two open IW containers were present in the IW storage room. One container was found overfilled, losing its ability to be properly packaged. The Facility's failure to properly manage and maintain the integrity of packaging for in-use containers is a violation of OAC Rule 3745-257-35(A)(1) which states in part;

Generators shall handle infectious waste containers in a manner and location that maintains the integrity of the packaging.

and a violation of OAC Rule 3745-27-30(B)(3), which states in part;

Containers holding infectious wastes shall not be dropped, managed, or transferred in such a manner as to cause damage to the bag or container.

In addition, please be advised that overfilled IW containers are also a problem because IW cannot be compacted per OAC Rule 3745-27-30(B)(4).

Compliance with the requirements outlined in this letter shall not relieve you of your obligation to comply with other legal obligations, including, but not limited to, Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water Act, Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability

Act, or Resource Conservation and Recovery Act remedying conditions resulting from any release of contaminants to the environment.

Correction of the violation cited herein is expected to begin immediately. Please respond in writing within fourteen days of receipt of this correspondence regarding your remedy and implementation schedule in regards to the aforementioned violations. **A re-inspection will then be scheduled to verify and document your return to compliance with Ohio law. I would like to thank your staff for cooperating in this inspection.** If you have any questions, please contact me at (937) 285-6094.

Sincerely,

Jill Olberding, R.S.
Division of Solid and Infectious Waste Management
